List of projects supporting development in Palestine

Several development projects are underway in Palestine, spanning various sectors like healthcare, education, economic development, and infrastructure. These initiatives aim to improve living conditions, enhance community resilience, and foster sustainable development.

Examples of Development Projects:

Healthcare:

St. Joseph Hospital extension for East Jerusalem healthcare, with a financing amount of 13,000,000 €.

Economic Development:

Talent Acceleration Program to Scale (TAP-2-Scale) focused on creating long-term job placements for Palestinian graduates in international IT companies.

Community Development:
Action for East Jerusalem's Identity and Resilience programme (AJIR+), focused on governance in East Jerusalem.
Infrastructure:
The Rural Development Project in the Jordan Valley, Area C, aims to improve infrastructure and promote sustainable cities.
Education:
Support for Dar Al-Tifl Al-Arabi School and the Arab College for Applied Sciences.
Social Welfare:
Projects by the Charitable Mother Association for Development, such as providing water filters for kindergarten children.
Other notable initiatives include:
UN-Habitat's "Building Blocks" project in Gaza, which focuses on neighborhood planning and supporting communities at risk of displacement.
World Bank's support for urgent relief efforts in Gaza, including emergency medical supplies, food, and water.
Sida's contributions to development cooperation, including promoting human rights, economic development, and access to healthcare.

These projects, supported by various organizations like the AFD, Swiss cooperation, the World Bank, and UN agencies, aim to address critical needs and contribute to a more prosperous and resilient Palestinian society.
